

Animal centre helped my son

JUST felt the need to write a small note for your letters column.

I write this with a great deal of gratitude and thanks to the Many Tears Rescue Centre. We moved from Yorkshire last November and are a large family.

My son Tim who is nearly 17 has had a considerable difficult life being first deaf at birth, then regaining hearing at a low level at 6 years of age, he then was diagnosed with A.D.H. D at 7 years old and he has short term memory loss.

One thing outshone everything else his love of animals. Through speaking to our local Vets I approached The Many Tears Animal Rescue Centre for Tim to do Voluntary Work.

He works there most days and he absolutely loves it.

Regardless of his disabilities he is treated with the utmost respect as if he was part of the family. Many Tears Rescue Centre is an example to other Companies and Businesses who may not show that kind of care.

Tim's family and my husband and I would just like to say the biggest thank you for making Tim's life so much more acceptable.

I am hoping that lots of people reading this will also agree. Once again thank you all at Many Tears Rescue Centre.
